

# Introducing Tap to Pay on iPhone with talech Mobile

## Accept contactless payments with only an iPhone

With Tap to Pay on iPhone and the talech Mobile app, you can accept all types of in-person, contactless payments right on your iPhone — from physical debit\* and credit cards to Apple Pay and other digital wallets — no extra readers or hardware needed. It's easy, secure and private.

### Easily enable Tap to Pay on iPhone on your app

To use Tap to Pay on iPhone, simply download the talech Mobile app, sign up, and start accepting in-person, contactless payments anytime, anywhere—right on your iPhone.

### Privacy and security

Tap to Pay on iPhone uses the built-in security and privacy features of iPhone to help keep your business data private and secure. When a payment is processed, Apple doesn't store card numbers or PIN information on the device or on Apple servers, so you can rest assured knowing your business stays yours.

For additional instructions on enabling Tap to Pay on iPhone with talech Mobile refer to article ['Accept contactless payments with Tap to Pay on iPhone and talech Mobile'](#) on [help.talech.com](https://help.talech.com).
